## ALLIANCE AT THE BOTTOM

(Continued from page 1)  
days a list of all cities in this territory showing the number of men that each city has furnished in response to the president's call for volunteers.

Through the assistance of committees of patriotic citizens will you not obtain the services of a local band or a fife and drum corps and arrange for patriotic meetings to be held not only in your city but in the smaller towns contiguous to your city. Large numbers of men have been brought to the colors by this means. I believe that this can be accomplished without difficulty and without expense to the government or to yourself. No appropriation has been made to cover the expense for material or for transportation of groups of patriotic men from town to town for this purpose. Local committees can undoubtedly arrange for the transportation and the necessary expenses of these gentlemen who undertake this work.

Men between the ages of 18 and 40 are desired. Young men under the age of 18 must first obtain the consent of their parents before enlisting. Married men will not be accepted for enlistment. We will arrange for transportation to the nearest recruiting station through the lo-

cal postmaster for all young men qualified to enlist in the army.

Very truly yours,  
**JAMES F. MCKINLEY,**  
Captain of Cavalry,  
Recruiting Officer.
